MISCELLANEOUS INFORMATION

It seems Frugals 2 has a visitor from the other side. There have been some unexplainable things happening...so do they have a Ghost? The staff at Frugals has named this presence "Bob" the ghost. On November 20th around 9pm it seems "Bob" showed his dislike of honey mustard. He threw the gallon jug from the shelf to the floor, creating an explosive mess. Is this occurrence just false ghost story...those who don't believe in the spirit realm might think so...but our video footage of the jug flying off the shelf onto the floor with no one near that part of the building would say otherwise.

What is a Ghost?

The standard definition is the spirit of a dead person, especially one believed to appear in bodily likeness to living persons or to haunt former habitats.

What is the history of the property that Frugals 2 is on?

What was there before it became a business property?

Do you know...????

DID YOU KNOW?

Why do we eat Turkey on Thanksgiving?

Although juicy and tender butterball turkeys are the main cuisine of today's Thanksgiving, these birds were NOT the most popular centerpieces on the first Thanksgiving tables. Deer meat and wild fowl, such as geese are the only 2 items Historians know for sure were apart of the first Thanksgiving. English patrons would eat geese during autumn celebrations. However, when the Pilgrims' came over to America they soon replaced the goose with the turkey, due to the fact that wild turkeys were more abundant and easier to find than geese.

Happy Thanksgiving!!!

QUOTE OF THE MONTH

A customer is a person who comes to us with his needs and his wants. It is our job to fill them.

Character cannot be developed in ease and quiet. Only through experience of trial and suffering can the soul be strengthened, ambition inspired, and success achieved.

~Helen Keller (1880-1968)
